March 1st, 2012 (Owner/operator Forum)

OpenO&M/MIMOSA and PCA invite you to attend the OpenO&M/MIMOSA and PCA Forum – Americas 2012. . The Forum is sponsored by Fiatech and iRING User Group

The Forum will feature presentations and discussion from owner/operators, EPCs and suppliers identifying key business requirements and solutions leveraging open, supplier neutral standards, with a focus on the benefits of using OpenO&M/MIMOSA and ISO 15926 in coordinated fashion.

Key themes:

- Understanding Standards-based Information Interoperability versus Systems Integration (Methods and Value)
- Life-cycle Information Management (A Continuous Value Chain)
- Interoperate Don't Reinvent, the Need for Collaboration in Critical Infrastructure Management
 - CIEAM/Fiatech/MIMOSA/PCA/OpenO&M (Cross-industry Infrastructure Management)
 - Energistics/PCA/PPDM (Oil and Gas with a Historic Upstream Focus)
- The roles of key standards, ISO 15926 and OpenO&M/MIMOSA usage and implementation

The event can accommodate up to 60 people and will consist of several sessions starting with Special Interest Group (SIG) meetings Monday February 27th at 1:00 PM. It will continue with SIGs and workshops on Tuesday 28th, a joint OpenO&M/MIMOSA and PCA conference on Wednesday 29th and end with an Owner/Operator Forum Thursday March 1st.

Energistics, PPDM and Fiatech and boards and member companies are also invited to this event.
